23 July 2018 at 7.30pm
Actions and key points

Present:

Nick Bradfield

Ben Castell (Chair)

Valerie Doulton

Ellen Gates

Ilona Hay

JJ Lorraine

Kelly Pawlyn

Eileen Willmott

Apologies:

Mike Burnell

Jessica Jacobs

Emily O'Mara

1 Minutes of previous meeting / Actions

Approved

Just one outstanding action:

- **BC** to circulate declaration statements for all committee to update or add theirs

2 Changes to draft neighbourhood plan

- The committee worked through proposed changes in response to consultation.
- Most changes are minor
- Most discussion was around policies DC3 and DC4. It was agreed to delete "and development on infill sites" from DC4.
- There was also discussion about where to add text about access for people with disabilities and it was agreed to add "fully accessible" to DC3h.
- One respondent suggested ES4 was not legally correct with regard to solar panels. **EG** has now checked the legislation and will draft some text in response.
- **EG, with BC**, to update draft Plan and comments/response table before the next meeting.

3 York Rise Street Party

- A table has been reserved for DPNF

- **BC** to prepare a sheet to update on progress
- We will also have some activities for children. **BC** to initiate discussion on this in late August.

4 **Re-certifying the Forum**

- This is due in the autumn. **BC** to accept offer of meeting from Nicola Tulley at LB Camden to discuss this and their comments on the draft Plan.

5 **Traffic**

- DPNF response to the initial LB Camden consultation with local groups was agreed and submitted. **KP** to put it on the website (**BC** to forward it to her).

6 **Future meetings**

- No meeting in August

7 **AOB**

- **EG** to circulate link to Mayor of London's Greener City Fund Community Grants so members can consider whether an application would be possible for any of our Projects
